

CALIBRATION REPAIR SERVICES INSTRUMENTATION SOLUTIONS

An ISO 9001:2008 Certified Company

We Calibrate

Rotameter

Electro Magnetic Flowmeter

Ultrasonic Type Flowmeter

Turbine Flowmeter

Paddle Wheel Flowmeter

Mass Flowmeter

Temperature Indicators/Controller

Temperature Sensor

Temperature Gauge

Glass Thermometer

Process Indicators/Controller

Pressure Gauge

Vacuum Gauge

Pressure Transmitter

DP Transmitter

“About Us”

“SPINK CONTROLS” is One of the Pioneers in Manufacturing and Exporting of “Process Control Instruments in the field of FLOW, LEVEL & TEMPERATURE. Established in 2000, ever since our credo has been to identify and serve the changing needs of customer

Why “SPINK” ?

- ◆ *Extensive Instrumentation Knowledge*
- ◆ *Well Qualified & Experienced Staff*
- ◆ *Commitment towards quality-ISO Certified.*
- ◆ *Adherence to Global Standards*
- ◆ *Fully Computerized lab.*
- ◆ *Online availability of calibration reports-In house software division*

“Our Vision”

To build the market of instrumentation and facilitate all the needs of instrumentation under one roof.

“Our Mission”

To reduce maintenance cost

To offer calibration and repair services in the field of instrumentation

To maintain at all time the traceability, documented quality system of the company in line with ISO/ IEC17025

Flow Calibration

Lab is well equipped with measuring and standard instruments.
Methods of calibration: Gravimetric, comparison Methods.
Calibration of Flow meter is done under the guideline of ISA Standards.

Specifications

Test Fluid	Water at ambient Temperature
Flow Capacity	200 m ³ /hr.max.
Max. Line Size	8 "Dia.
Total Water Reservoir Capacity	8 m ³
Constant Head Tank Capacity	5 m ³
Effective Test Pressure	15 meter water column
Weight Measurement	500 kg, 1000 kg, 2000kg.
Least Count	0.01/0.1Kg
Traceability	Approved and Stamped by W&M Dept.
Time Measurement	System / Stop watch
Least Count	Milli seconds
Traceability	Calibrated at accredited laboratory
Current Loop Measurement	Indicators
Traceability	Calibrated at accredited laboratory

Pressure Temperature Instrument Calibration

Pressure : We cover Pressure Gauge, Vacuum Gauge, Pressure Transmitter, DP Transmitter, DP Gauge,

Facility: Portable Pressure Calibrator
- Range: -0.85 to 20 Bar

Temperature: We cover Temperature Gauge, Temperature Sensor, Temperature Transmitter, Temperature Indicator/Controller, Glass Thermometer,

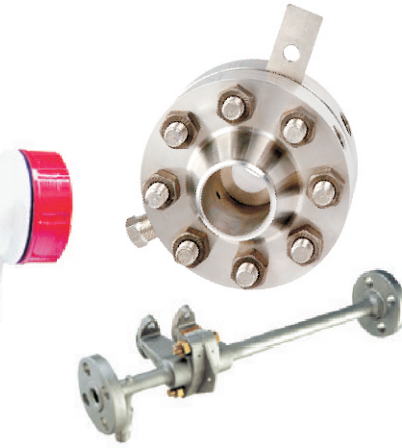

Facility: (1) Temperature Read out & master sensor
(2) Universal Calibrator

Our Products

Rotameter

Orifice Assembly

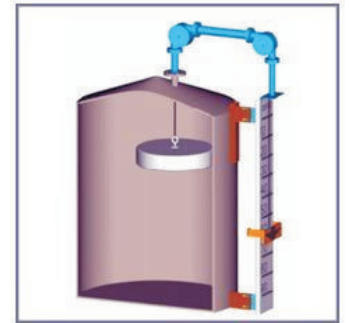

Pitot Tube

Electromagnetic Flowmeter

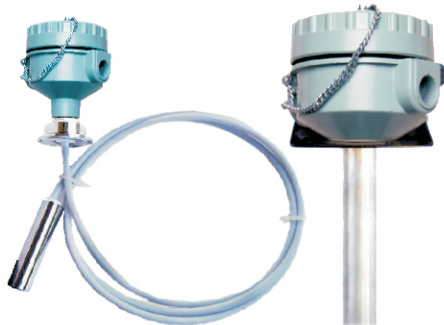

Level Switches

Level Indicator

Ultrasonic Level Transmitters

Capacitance Level Transmitters

Process Indicator & Controllers

SERVICE & CALIBRATION LABORATORY

Gala No. F-4, A Wing, Udyog Bhavan-2, Plot No.K-3, Additional Ambarnath Industrial Area, Anand Nagar, MIDC Ambarnath, Dist-Thane-421501
